Started for 2006 awards (awarded in February 2007)

The Godfrey P. Oakley, Jr. Award ...to an individual who has made significant contributions to the field of birth defects

This award is given to an individual who has made significant contributions to the field of birth defects. In 2001 this award was given to Dr. Oakley. Thereafter, nominations can be made by the membership, with the Awards Committee to review the nominations and select the most appropriate recipient. This award may or may not be given in any particular year.

The State Leadership Award...honoring the outstanding contribution or leadership by a state registry in the development or expansion of birth defects surveillance, or its use in the promotion of prevention services

This is an award to honor the outstanding contribution (or leadership) by a state registry in the development or expansion of birth defects surveillance, or its use in the promotion of prevention services. This award will be given to a program or agency on an annual basis. Each fall the membership is invited to make nominations; self-nominations will be accepted as well as nominations of programs or activities whose work the nominee wishes to recognize.

Birth Defects Prevention Month Achievement Award...honoring the outstanding activities of agencies to promote Public awareness of birth defects through Innovative and collaborative efforts during Birth Defects Prevention Month

This is an award to honor an agency's or program's efforts to raise public awareness of birth defects through innovative and collaborative approaches that can serve as a model for other programs. This award is given to a program or agency on an annual basis. Each fall the membership is invited to make nominations; self-nominations will be accepted as well as nominations of programs or activities whose work the nominee wishes to recognize.
