Insights from Parents: Collaborations between Birth Defects Programs and Parents
Moderator: Samara Viner-Brown, Rhode Island Department of Health, Providence, RI

Kristin Fowles, Jodi Lemacks, Kayte Thomas, Kathryn Shea, and Amanda Mateus

During this session, parents of children with birth defects will share their experiences with and perspectives on state and local programs, communication of diagnoses, impact of birth defects on families (including mental health), birth defects awareness and advocacy, information, and support. A discussion of these issues and how programs can engage families will follow.
